

## Clara's House Parking Information

There is free street parking for 2 – 4 hours along 27th Street. You must move your car before your time limit is up, or you will get a ticket. It is strictly enforced! Also, check the signs for restrictions due to street cleaning.

There is metered parking on K Street for 2–4 hours depending on where you park. There is also parking for volunteers in the underground garage, located in the alley behind the clinic, if spaces are available. We have 4 *small* spaces at the back of the garage which are marked for Clara's House. You must park and obtain the garage opener inside the clinic if the garage door is closed.
